

PCA Fine Arts Patron Program

Fine Arts Patrons are appreciated members of the Plymouth Christian Academy community who wish to provide support for the Fine Arts Department.

The Fine Arts Department exists to provide students the training needed to develop and refine their God-given talents. By becoming a Patron, you are contributing to the following: elementary general music, elementary & secondary vocal music, elementary & secondary instrumental music, theatre, musical theatre, elementary & secondary visual arts, and more. This year, our Fine Arts Department has had to tap their creativity more than ever to make sure that the students and community still experience and enjoy events and performances, even if virtual rather than in-person. Our patron program provides the opportunity to support and expand student experience no matter what the circumstances may be!
