... Endless Summer Days Crafts & Sports Adventure Camp ...

DATE & AGES: Monday-Thursday, July 8-11, 9:00am-12:00pm – Incoming 2nd-Incoming 6th Grade
INSTRUCTOR: Mrs. McCreedy

Remember when we were young, and we played outside until the street lights went off? Well, your kids will have close to the same experience of just playing outside and enjoying the fresh air with their friends in this Endless Summer Days and Sports Adventure Camp. We will start our morning with some fun camp songs around a campfire (pretend campfire) and then dive into some adventurous outdoor game activities. When we need a break from all the fun, we'll head inside for some crafts and snacks. If your kids like to run, jump, play with balls and maybe even get a little wet, then this camp is for them! We're looking forward to a memorable and fun camp experience! CAMP TUITION: \$55

... Build and Program Robots with Lego EV3 ...

DATE & AGES: Monday-Thursday, July 15-18, 1:00pm-3:00pm – Current 3rd-5th Grade
INSTRUCTOR: Mrs. Paul

Students will design, build and program robots using LEGO's most advanced and newest robotics technology – the powerful MIND-STORMS® EV3. EV3 features an easy-to-use graphical programming language that lets students immediately begin simple robotics programming and then advance into developing more complex algorithms. Classmates work in pairs or groups to complete projects. This course has a focus on the engineering design process, building, and programming using EV3. Students will showcase their projects to family and friends on the last day of the club. CAMP TUITION: \$75

... Middle School Volleyball Camp ...

DATE & AGES: Mon., Tues., Thurs., July 15, 16, 18, 6:00pm-8:00pm – Middle School Girls
INSTRUCTOR: Coach DJ Kellogg

Spaces fill up quickly for this one! This camp is designed to train girls in the fundamental volleyball skills such as serving, passing, hitting, setting, defense, basic offensive/defensive systems, volleyball IQ, and more! CAMP TUITION: \$100

... Gardening Camp ...

DATE & AGES: Monday-Thursday, July 15-18, 9:30am-12:00pm – 1st-5th Grade
Stay for Robotics Camp for a full, fun day of learning and growth!
INSTRUCTOR: Mrs. Klemm

Kids will totally "dig" this gardening camp! Allow your child to explore God's creation in a tangible way this summer as we learn what it takes to grow a kitchen garden in our own backyard. We will learn about responsibility as we tend and care for our garden, patience as we wait for those plants to bloom, and finally experience the joy of all of our hard work as those plants start to bear fruit. Each day your child will come home with a new plant. By week end your child will have their very own garden that the whole family can enjoy for years to come! CAMP TUITION: \$60

... ULTIMATE Frisbee ...

DATE & AGES: Monday-Friday, July 22-26, 3:30pm-5:30pm – Middle-High School, boys and girls
INSTRUCTOR: Mr. McCreedy

ULTIMATE is exploding at the collegiate level, with 18,000 athletes across 800+ college teams in the United States. Some schools even offer Ultimate scholarships! Come learn how to play this amazing, challenging, exciting game (or improve your skills if you already know how). In this weeklong camp, we will learn how to throw backhands, forehands ("flicks"), and overheads ("hammers"); do an assortment of drills; and scrimmage every day. Coach Dave McCreedy will bring his 30 years of regional and national Ultimate experience to help players of all abilities levels. Each camper will receive their own official Ultimate disc ("Frisbee"), and we will play on the PCA soccer fields. CAMP TUITION: \$50

... Elementary Sports Camp ...

DATE & AGES: Monday-Friday, July 22-26, 10:00am-1:00pm – Current 2nd-5th Grade
INSTRUCTOR: Mrs. Garcia

Come learn about and play a different sport every day! We will learn some basics about basketball, soccer, volleyball, football, and kickball. Then we'll use what we know to play in a game. This is a great way to try out sports and see which ones you like best! CAMP TUITION: \$50
